## Beautiful Finger Rings For Man Woman or Child

We have always made a specialty of  
Finger Rings, and we have always prided  
ourselves on our beautiful designs and good  
values.

Solid Gold Gents' Signet Rings, \$2.75 and up  
Solid Gold Gents' Stone Set Rings, \$3.50  
Solid Gold Ladies' Rings, \$1.75  
5-Stone Opal Hoop Rings, \$5.00  
Baby Rings, Solid Gold, .75c. and \$1.00

Should you wish any particular de-  
sign which we do not show, we can  
make it up for you in our own fac-  
tory, as good and for as little money  
as any factory in Canada.

### Challoner & Mitchell

## Canned Meats

BONED CHICKEN, TURKEY, DUCK, per tin . . . . . 30c.  
LUNCH TONGUE, 1-lb. tin . . . . . 30c.  
SHEEP'S TONGUE, 1-lb. tin . . . . . 35c.  
BOILED RABBIT, 2-lb. tins . . . . . 25c.  
ROAST MUTTON, 2-lb. tins . . . . . 30c.

## Dixie H. Ross & Co.

The Progressive Grocers

## SALE

ALL PRICES REDUCED

Must clear out stock at 78 Fort before removing  
to new building on Broad Street, connecting with  
40 Fort, next to 5 Sisters' Block.

### The MELROSE CO., Ltd.

### Excelsior Henfood for Poultry

The up-to-date blended grain, \$1.75 per 100, furnishes the chemicals neces-  
sary to produce an egg. Try a sack and double your egg supply.

### SYLVESTER FEED CO., Tel. 413.

#### FIVE HUNDRED PERISHED.

Two Hundred Bodies Recovered at  
Guantanamo—Property Loss Es-  
timated at \$1,500,000.

Guantanamo, Mexico, July 4.—The  
number of dead in the recent flood here  
is now estimated at 500.  
More than 200 bodies have already  
been recovered.  
The property loss will exceed \$1,500,000.

The government has received no official  
report of either loss of life or prop-  
erty. Railroad connection is completely  
destroyed.

The government has subscribed \$35,000 to the relief fund.

#### THE BOYCOTT SPREADING.

(Associated Press.)

Hongkong, July 4.—The merchants of  
Canton are preparing a petition to Pres-  
ident Roosevelt representing the hard-  
ships of the Chinese exclusion treaty.  
Placards are posted throughout the city  
urging a boycott on American goods. Na-  
tive Christians in Canton are being in-  
timidated by the police.

#### NEW PITHEAD COMPLETE.

(Special to the Times.)

Nanaimo, July 4.—The new pithead,  
including tipples and conveying plant, at  
Northfield, which has been under con-  
struction for months, is now com-  
plete, and to-day hoisted coal for the  
first time, two hundred tons being  
brought up this morning. While the  
force is small the men are at work there  
to-day in the colliery in spite of the at-  
tention of the Western Federation in  
showing the men to work there for the  
Western Fuel Co. has had the effect of  
keeping the colliery open. All is quiet  
in town.

## MUTINY ON TRANSPORT WAS SHORT LIVED

### Sailors Repented After Killing Second Lieu- tenant and Boatswain and Capturing Captain and Other Officers.

#### Official Version of Trouble at Odessa—Revolutionary Com- mittee Assured Crew of the Kniaz Potemkine That Garrison Had Laid Down His Arms.

(Associated Press.)  
St. Petersburg, July 4.—The minister  
of marine has received the following  
telegram from Admiral Kruger:  
"The crew of the transport Prout when  
leaving Budrovo bay mutinied, arresting  
the captain and other officers. Second  
Lieut. Nestertof and Boatswain Kozlin  
were killed.  
"The Prout has arrived at Sebastopol  
and the crew now is repenting; the  
officers have been released, the crew  
begging them to resume their posts.  
"The Prout has been ordered to anchor  
at Kamesheva bay and an inquiry into  
the affair has begun."

#### OFFICIAL STORY OF OUTBREAK AT ODESSA.

St. Petersburg, July 4.—The govern-  
ment story of the events at Odessa as  
published in the Official Messenger, has  
been in great part already covered in the  
statements made in official quarters and  
cabled to the Associated Press since the  
commencement of the outbreak.  
After detailing the activity of the revo-  
lutionary committee in stirring up  
strikes ashore and the arrival of the  
mutinous crew of the Kniaz Potemkine  
at Odessa on June 27th, the account pro-  
ceeds:

"The mutiny of the warships provided  
the revolutionary committee with a good  
opportunity to influence the masses. The  
committee visited the battleship and

assured the mutineers  
that the garrison of Odessa had laid  
down its arms and the whole Black Sea  
squadron had joined hands with the crew  
of the Kniaz Potemkine. According to  
eye-witnesses officers took an active part  
in councils on board the battleship, es-  
pecially two young cadets.  
"The results of the anarchistic in-  
trigues among the workmen and muti-  
nous sailors became immediately evident.  
The troops were unable to use their  
arms against the crowd in the vicinity  
of the harbor for fear of the possibility  
of an enflaming fire from the battleship.  
"The harbor was at the mercy of the  
mob, which pillaged warehouses and ves-  
sels, branched casks of wine and spirits,  
and started a drunken orgy. With night-  
fall the fire started by the rioters soon  
attained terrible dimensions.

Nearly everything in the harbor was de-  
stroyed, the mob refusing to allow the  
firemen to fight the flames. Among the  
property destroyed were the warehouses  
and stores of the Russian Navigation  
& Commerce Company, the agency and  
stores of the Danube Navigation Com-  
pany, the Baia stores on the Platoff  
piers, the harbor master's offices, part of  
the warehouses of the Russian Naviga-  
tion & Trading Company and of the  
Hosovsky and Boshnina companies on  
the new pier, all the buildings of the  
quarantine harbor, twenty wagons and  
six steamers belonging to various com-  
panies. The railway freight sheds were  
pillaged and many rioters were burned.

"Several times during the night of  
June 28th the mob attacked the troops  
with revolvers, but each time were scat-  
tered by a volley from the soldiers.  
"The number of rioters killed or  
wounded is not yet known, but  
Must Exceed Several Hundred.

The damage can only be estimated in  
millions of roubles. None of the repre-  
sentatives of foreign nations suffered.  
The consulates were guarded by troops.  
"On June 29th a state of war was pro-  
claimed and the city was cordoned by  
troops. The disorders ceased."  
The story confirms the report that the  
Kniaz Potemkine on the evening of the  
29th fired three blank shots as prescribed  
by the Russian naval code for the  
funeral of a sailor, and followed these  
up with two live shots, destroying part  
of a house. Otherwise the battleship  
did no damage.

The government report proceeds to re-  
late the arrival of Rear-Admiral Kruger's  
squadron during the morning of  
June 30th, as follows:  
"As the squadron approached the  
Odessa pier the Kniaz Potemkine clear-  
ed for action, advanced to meet it and  
cut through its line. As she passed the  
mutineers  
Received an Ovation  
from the crew of the Georgi Pobedonosets.  
Rear-Admiral Kruger thereupon  
signalled the squadron to swing round  
and return to Sebastopol, but the crew  
of the Georgi Pobedonosets prevented  
the vessel from following the vessels  
and put ashore all their officers disarmed  
with the exception of Lieut. Grigorieff,  
who blew out his brains.

"On the advice of the revolutionists a  
committee of twenty was selected to  
take charge of the vessel under the di-  
rection of a boatswain's mate and ap-  
parently against the latter's will. Dis-  
sentiment prevailed among the crew, only  
part of which was influenced by the revo-  
lutionists and wanted to follow the

Kniaz Potemkine. The latter threatened  
to fire on the Georgi Pobedonosets if  
she tried to rejoin the squadron at Sebas-  
topol. The anti-revolutionary section,  
however, ultimately gained the upper  
hand and when in the afternoon of July  
1st the two battleships weighed anchor  
the Georgi Pobedonosets put on full  
steam, entered the harbor and sent the  
boatswain to signify her submission."

#### WORK RESUMED AT ODESSA HARBOR.

Odessa, July 4.—Comparative order  
has been restored here, and work is be-  
ing resumed in the harbor.

#### GENERAL STRIKE CALLED FOR THURSDAY.

St. Petersburg, July 4.—The executive  
committee of the social revolutionists has  
issued a stirring appeal summoning the  
workmen and all classes of society in-  
terested in the overthrow of the present  
regime to show sympathy with all of  
those who fought for freedom at Lodz,  
Warsaw, Odessa and other places, as  
well as with sailors who mutinied at  
Odessa and Liban, by inaugurating a  
general political strike. The workmen's  
leaders here have supplemented this by  
the proclamation of a general strike for  
Thursday. Over 25,000 men are already  
out, and more or less disorder has occur-  
red.

#### THE KNAZ POTEKINE SIGHTED OFF ODESSA.

London, July 4.—3.10 p. m.—A dis-  
patch to the Evening Standard from  
Odessa says the Kniaz Potemkine has  
been sighted 25 miles off that port.

#### TORPEDO BOATS ARE CHASING BATTLESHIP.

Odessa, July 4.—It is reported in army  
and navy circles that the Kniaz Po-  
temkine is being pursued by several tor-  
pedo boats who intend to sink her. The  
crews of these boats consist of officers  
and stokers who have volunteered. Re-  
gret is expressed at the destruction of  
such a splendid and powerful battleship,  
and at the inevitable loss of life, but  
this is thought preferable to the con-  
tinued dishonor of her presence in the  
Black Sea, commanded by mutineers.

#### FREIGHT SHEDS WRECKED BY RIOTERS.

Warsaw, July 4.—An extensive strike  
was inaugurated at Kielce yesterday as  
a mark of sympathy with the victims of  
rioting at Lodz. The railway station at  
Kielce was attacked to-day and the  
freight sheds were wrecked. Gendarmes  
fired on the rioters, and troops have been  
requisitioned to restore order.

#### HENLEY REGATTA.

The Yeoper Crew Boat Christ College  
in First Heat of Challenge Cup  
Race.

(Associated Press.)

Henley, July 4.—Brilliant weather, a  
great attendance ashore and afloat and  
fair rowing conditions marked the open-  
ing of Great Britain's annual water  
festival. Outside the Grand Challenge  
cup, in which the Vespers of Philadel-  
phia, Pa., and the Belgian crew were  
competing, there was little of in-  
terest in the regatta.  
The racing started with the first heat  
of the Grand Challenge cup on which  
the Leaders, on whom the British pin  
all their hopes of retaining the trophy in  
England, won practically as they liked  
from Jesus College, Cambridge. The  
Belgians won an easy victory over the  
Thames Rowing Club. The first heats  
were decided as follows: Leader beat  
Jesus College, Cambridge, by a length  
and three-quarters. Time seven minutes  
21 seconds. The Belgian crew beat the  
Thames College, Cambridge, by a length,  
time, 7.12.

#### DR. JOHNSTON DEAD.

Member for West Lambton Passed  
Away Monday Night.

Ottawa, July 3.—Dr. Johnston, M.P.  
for West Lambton, died to-night.

Dr. Johnston, Liberal member for  
West Lambton, was born in Sarnia on  
August 4th, 1840. He was educated at  
Sarnia public and grammar schools,  
graduating at McGill College in 1873.  
He took up his father's medical practice  
at Sarnia, was mayor two terms, also  
chairman of the board of health and  
school trustees. He married Frances,  
second daughter of the late George  
Brown, Goderich, Ont. Dr. Johnston  
was first elected to the House of Com-  
mons at a by-election in December,  
1898, and has since represented the con-  
stituency.

## MAY DECLARE ACT TO BE ULTRA VIRES

### PROVINCE HAS NOT RIGHT TO TAX TRAVELLERS

#### If British Columbia Does Not With- draw Legislation The Dominion Will Veto It.

(Special to the Times.)

Ottawa, July 4.—The Federal cabinet  
has about made up its mind that the  
recent act of the British Columbia legis-  
lature imposing a tax on commercial  
travellers from other provinces is ultra  
vires of the province and cannot there-  
fore be allowed to remain in force.  
British Columbia will be given the op-  
portunity to itself withdraw the act in  
question. Should it fail to do so the  
Dominion will probably exercise its  
right to veto on the ground that the  
statute violates section 91 of the British  
North America act, which entrusts the  
regulation of trade and commerce exclu-  
sively to the Federal parliament.  
The same objection is said to exist  
against the recent enactment in the Que-  
bec legislation taxing British and foreign  
commercial travellers. This question,  
however, has not yet come before the  
cabinet, although it will undoubtedly do  
so later on.

#### The New Province.

The House took up to-day the bill to  
establish the new province of Saskatch-  
ewan, the measure being on the same  
lines as the Alberta bill. The opposition  
merely proposed, without debate, some  
amendments it had offered on its sister  
measure. Mr. Gorman's amendment to  
the second reading to give the province  
full powers of self-government, including  
the exclusive jurisdiction in educational  
matters, was rejected by a majority of  
53, the vote standing 37 to 50. Mr.  
Ratz, independent, voted for the opposi-  
tion's amendment. Dr. Thompson, Yu-  
kon, went with the government, also  
Messrs. Monk, Bergeron and Paquet,  
Conservatives.

Federal Building.  
The contract for Vancouver's public  
building is said to have been awarded  
Kelly Brothers, Winnipeg. The tender  
was \$430,000.

## JAP BATTALION WAS ANNIHILATED

### LINEVITCH SENDS REPORT OF FIGHT

#### Oyama Also Tells of Engagement in Which the Russians Lost Four Hundred.

(Associated Press.)

St. Petersburg, July 4.—Gen. Line-  
vitch telegraphing to Emperor Nicholas  
under date of July 3rd reports the anni-  
hilation of a Japanese battalion. He  
says:

"On July 1st our force assumed the  
offensive against the enemy occupying a  
position near the village of Sanutse,  
sixteen miles south of Liao Chouan.  
"At 7 in the evening after the artill-  
ery had prepared the way the enemy's  
fortified positions were stormed, and we  
pursued them for three miles.  
"One Japanese infantry battalion was  
destroyed."

#### OYAMA TELLS OF REFULGE OF RUSSIANS.

Tokio, July 4.—2 p. m.—The following  
official announcement was made to-day  
from the headquarters of the Japanese  
army in Korea.  
"At dawn on July 2nd four hundred of  
the enemy's cavalry, with artillery, ap-  
proached Noromok on the Purgyong road,  
six miles north of Yuesung. Our force  
engaged and repulsed them northward,  
inflicting heavy loss.  
"In the meantime our detachment  
made a detour far northward for the  
purpose of cutting off the enemy's re-  
treat and engaged the enemy's infantry  
at noon, fourteen miles north of Yuesung.  
Our detachment also struck and  
scattered the enemy's cavalry, retreating  
from Noromok."  
Another dispatch received to-day says:  
"At 8 o'clock on the morning of July  
1st six hundred of the enemy's cavalry  
advanced towards the Kim river, three  
miles northeast of Kangpin. We  
repulsed them.  
"One hundred and fifty of the enemy's  
cavalry and mounted infantry with eigh-  
teen guns simultaneously attacked Shik-  
kat, eight miles northeast of Pinal river.  
The engagement lasted until dawn on  
July 2nd, when the enemy was repulsed.  
The enemy's casualties were over four  
hundred. Ours were ninety."

The returns of the Victoria clearing  
house for the week ending July 4th were  
\$808,577.

The cost of a battleship is constantly in-  
creasing. A few years ago it was put at a  
million. Then it rose to \$2,500,000, and now  
the secretary to the admiralty states that  
the cost of the Kniaz Potemkine battleship  
will be \$1,500,000.

## EXCURSION AMONG THE GULF ISLANDS

### DELIGHTFUL OUTING WAS HELD YESTERDAY

#### Visiting Mining Men and Families En- tertained by Citizens of Victoria— An Enjoyable Trip

(Special to the Times.)

The excursion in honor of the visiting  
members of the American Institute of  
Mining Engineers yesterday was one of  
the most successful events of its kind  
held in these waters. Every requisite to  
a pleasant outing was present, including  
beautiful weather and a goodly company.  
Assuredly the visitors enjoyed the trip,  
and some of those who have "done" pre-  
mier tourist resorts and scenic wonder-  
lands of the old and new worlds were  
among the most enthusiastic in their  
praise of what they saw yesterday. The  
route adopted—among the islands of the  
Gulf—Victoria's feel, cannot be sur-  
passed, and they cannot be very far off  
in their assumption when it is supported  
by the weight of authority that lined up  
behind it on this occasion.

Loucheux in the minds of the com-  
mittee directly responsible for the ar-  
rangements there was a conflict of ideas  
as to the most satisfactory programme  
to carry out. But they rightly conclud-  
ed that people who hail from the busiest  
scenes of commercial strife and com-  
petition would heartily enjoy the repose  
of a run up the Gulf. These visiting  
mining people are coming business  
with pleasure, and probably they were  
glad to forget about matters mining  
in the contemplation of the beauties of  
this island coast.

There were about four hundred on  
board the Chalmers when she pulled out  
from the U. F. R. dock shortly after 10  
o'clock in the morning. The steamer  
was dressed in her Sunday best—bun-  
tins, flags and so forth—and presented a  
gay appearance as she passed into the  
Strait. The passengers secured cap-  
tains and took up positions of vantage  
on the decks. The sea was perfectly  
calm, so no horrible apprehension of sea-  
sickness crept into anyone's mind. The  
steamer went along the straits past the  
various bays which give the island's most  
scintillating extremity, and then turned up  
the east coast. No stop was made, the  
course being steadily pursued past Sid-  
ney, Cowichan and Maple Bays on Van-  
couver Island and Broughton and Ves-  
trob lights on Salt Spring Island. Salt  
Spring Island was rounded, and the  
steamer returned along the east side,  
passing Ganges and Fulford harbors,  
Callano and Mayne and other islands  
appeared to pass by in grand review as  
the steamer continued on her course, and  
many a view was snapped by enthusias-  
tic camera artists.

Lunch was served at noon, and like  
every other feature the menu was beyond  
criticism. Mr. Byron, the company's  
steward, is an old hand in this very im-  
portant work, and his reputation didn't  
suffer in the slightest yesterday. Every-  
body "had an appetite," and nobody had  
any hesitancy in exhibiting it. More-  
over, the voyage was so uniformly  
smooth that those with the most acce-  
lerative susceptibility were not afraid  
to approach the well-laden tables.  
In order that those who were not pre-  
sent may fully realize what they missed  
at the hands of Mr. Byron and his staff  
the Times with the greatest pleasure in  
the world publishes the menu. Here it  
is:

MENU.  
Spring a la Victoria.  
Cold Fraser Salmon, Sauce Mayonnaise.  
Sliced Cucumbers, Lobster Salad, Sliced  
Tomatoes.  
Haunch of Spring Lamb with Mint Sauce.  
Rabbit Pie, Baked Turkey, Beef Tongue,  
Ham, Roast Chicken, Sirloin of Beef.  
Green Garden Peas, New Potatoes and  
Cream.  
German Toast, Port Wine Sauce, Mar-  
aschino Jelly, Fresh Apple Pie,  
Raspberries and Cream, Ice.  
Cream a la Romaine.  
Tea, Cheese, Coffee, Crackers,  
Fruit.

The tables were arranged in the din-  
ing and social halls, and each was pre-  
tinely adorned with flowers, which called  
forth many expressions of admiration  
from the visitors. The service was ex-  
cellent, and everybody was abundantly  
satisfied with this feature of the excu-  
sion. Later in the day 5 o'clock tea was  
served, and some of those in the party  
casually included gave an impromptu  
concert, which included popular melodies  
and rousing national airs. The invited  
guests comprised the visiting members of  
the institute, and their families, local  
members of the institute, and representa-  
tives of the press. The committee in  
charge deserves the greatest credit for the  
successful nature of the arrangements.  
A. Mara and Lieut. Col. Prior were  
zealous in their efforts to make the  
affair enjoyable to all. The invited  
guests were as follows:  
Mr. W. P. Agnew, Mrs. M. B. Ayres,  
Mrs. S. Ayres, Mr. T. W. Aldrich and  
wife, Mr. W. S. Ayres and wife, Miss  
Pearl Browning, Miss Elizabeth Brown-  
ing, Mrs. Joseph C. Butler, Mr. G. D.  
Barrow and wife, Miss Dorothy Barrow,  
Miss M. P. Barrow, Mr. W. B. Cogswell  
and wife, Mr. P. H. Clancy, Mr. Edgar  
S. Cook and wife, Master Richard Cook,

Master — Cook, Mr. F. J. Campbell  
and wife, Mr. A. E. Carlton and wife,  
Mr. J. B. Cullum, Mr. Theodore Dwight,  
Mr. H. V. d'Inville, Miss Marie d'In-  
ville, Mr. B. F. Fackenthal, Jr., and  
wife, Mr. Edward L. Fackenthal, Master  
Fackenthal, Mr. D. G. Farber, Mr. E. L.  
Foster and wife, Mr. H. H. Harrington  
and mother, Miss K. L. Harrington, Mr.  
Arthur Harrington, Mr. L. Holbrook and  
wife, Mr. H. W. Hunt and wife, Miss  
Ida Holt, Mr. Holt, Mrs. S. Howard,  
Mr. S. P. Kirkpatrick, Mr. John C.  
Kiefer, Mr. Paul S. King, Mrs. Jas. M.  
Lawton, Mr. John Lilly and wife, Mr.  
Wm. Lilly, Major Charles Tyecker,  
Mr. Wm. R. McIlwain and wife, Miss  
Anna Olcott, Master Olcott, Mr. Alfred  
V. S. Olcott, Mr. Chas. T. Olcott, Mr.  
W. S. Pilling and wife, Miss Mary B.  
Pilling, Mr. Joseph Ross Pilling, Mr.  
George P. Pilling, Mr. I. P. Pardee and  
wife, Master Pardee, Dr. R. W. Ray-  
mond and wife, In Charles F. Roe and  
wife, Miss Ross, Dr. Joseph Strathern,  
Miss Florence Starr, Miss Ella Seely,  
Miss Valance, Mr. A. E. Vaughan, Miss  
Willie, Mr. and Mrs. F. W. Layman,  
Mr. and Mrs. Briggs, Mr. S. P. Ham-  
berger, Mr. and Mrs. Brunton, Mr. W.  
F. Robertson and Mrs. Robertson, Mr.  
W. J. Sutton and Mrs. Sutton, Mr. E.  
W. Musgrave (Type writer), Mr. H. G.  
Grant, Mr. Thos. Kiddie and Mrs. Kid-  
die, Mr. B. V. Rodwell and Mrs. Rod-  
well, Mr. J. MacCallum (Metachon),  
Mr. Wm. M. Brewer, Mr. Francis A.  
Thompson, Mr. Chester A. Lee, Mr. H.  
P. Fogg and Mrs. Fogg, Mr. F. Hop-  
kins, Mr. Chapman, Mr. Clement Liv-  
ingston and Mrs. Livingston, Com-  
mander Rosam Miles and Mrs. Miles of  
the U. S. S. cruiser Boston, U. S. Consul  
Abraham E. Smith.

The party started on another excu-  
sion this morning on the E. & N. line.  
They are the guests of Clement Living-  
stone, manager of the Tree Copey  
Company, and the trip will include a  
visit to the Tree mine at Mount Sider  
and the company's smelter at Ladysmith.  
The weather continues to be delightful  
and a most enjoyable outing is an-  
ticipated.

Tomorrow afternoon the ladies of Vic-  
toria will have an opportunity of meet-  
ing the ladies of the party at a reception  
to be given at Government House from  
4 to 6 o'clock. In the morning the steady  
duties of the gathering will engage the  
attention of the men, when the business  
session will be resumed. Tomorrow  
night at 11 o'clock the visitors will  
sail on the Princess May for the Land  
of the Midnight Sun. They are looking  
forward to this northern trip with much  
pleasurable anticipation. The fact that  
their days will be blessed with twenty-  
four hours' sunlight leads additional in-  
terest to their trip. But while the days  
will be long, time will not drag, for the  
northern people will provide a pro-  
gramme that will keep the visitors going  
throughout their stay.

The party includes a number of gen-  
tlemen who stand high in the realm of  
big finance. One in particular is re-  
puted to be in a position to write a cheque for  
eight figures, without the decimal point.  
Two there are others, also, who are  
liberally endowed with this world's  
goods. Intellectually as well, the com-  
pany is brightly distinguished. Among  
those on the excursion yesterday was  
Professor Brooks, head of the United  
States government survey in Alaska.  
Professor Brooks is about to return to  
his northern field after a short relaxa-  
tion. It is a big area that he is famili-  
arizing official Washington with, bigger  
than most people imagine. Alaska has  
an extent of more than half a million  
square miles. So far its mineral develop-  
ment has been along placer gold lines,  
about eight million dollars worth of the  
yellow stuff having been taken from it.  
There are also copper and coal deposits  
and tin, but the tide of development has  
yet to strike these in full force. The  
United States geological survey in Alas-  
ka is being performed by eight parties,  
and it is estimated that before the work  
is completed four decades will have sped  
by. Dr. Prof. Brooks remains at the task  
for that time it can be safely assumed  
that his knowledge of Alaska will be  
exceptionally comprehensive.

Professor Peole, of the Dominion ge-  
ological department, was also among the  
company yesterday. He has been in the  
province about a month, familiarizing  
himself with the local geological con-  
ditions. He has paid particular attention  
to the coal deposits of Vancouver Island  
on which he is well informed. There  
is Mr. G. W. Gullam, of the faculty of  
Queen's College, Kingston. He is pro-  
fessor of mining in that well known in-  
stitution, and is here to further his  
knowledge of conditions in the Great  
province.

#### NORWAY AND SWEDEN.

#### Report That Armies Confront Each Other on Frontier.

Christiania, July 3.—There is a feeling  
here that hostilities between Sweden  
and Norway are more a question of  
time than days. One report in circula-  
tion is that a Swedish squadron is  
on its way here, and that its commander  
has been instructed to attack all Nor-  
wegian shipping wherever found.  
The government of Sweden took the  
first hostile step on Sunday when an  
order was issued declaring Stockholm,  
Karlskrona, Gottenburg and Farsund  
naval ports from which all foreign ves-  
sels must be excluded.

The armies of Norway and Sweden  
now confront each other on the frontier  
and any small act is likely to precipitate  
a battle. In fact, it is stated, appar-  
ently upon the best of authority, that  
Sweden is now secretly mobilizing her  
armies.

ORDERED TO SINK  
MUTINIOUS SHIPCREW HAS LIMITED  
AVENUES FOR ESCAPEMen Reported to Be Quarrelling Among  
Themselves—Disorders Continue in  
Vicinity of Odessa.

Odessa, July 3.—8.34 p.m.—The fact that the Kniaz Potemkin remains on the high seas in charge of the mutineers is causing so much apprehension and uneasiness to the population of Odessa that the government has resolved to take the matter in hand, even though the measures adopted involve the loss of the battleship and the one torpedo boat destroyer here. The torpedo boats received orders this afternoon to attack and sink the Kniaz Potemkin on sight. The torpedo boat destroyer now here was reinforced this afternoon by two torpedo boats and others, are expected. Sixty-seven mutineers from the Georgi Pobiedonosetz were brought here and imprisoned in the Citadel. The British consul-general this evening released the five vessels which had been held in readiness for the British subjects. The consul-general considers that all danger has passed. The Cossack incident is ended. The officials in the presence of the vice-consul carefully inspected the vessel and found no trace of revolutionaries, and the Russian officials apologized to the consul-general.

Forcibly Occupying Land.  
and seizing live stock. Troops have been sent to suppress the disorders. The authorities here are preparing energetically to clean up the town and giving work to twenty thousand persons who have been out of employment as the result of the disturbances.

The situation is complicated by the

seant ceremony in stopping persons not provided with proper permits to enter these districts. The lamps are not lighted after 9 o'clock at night, and persons out in the streets later run considerable risk from irresponsible soldiers. The consulates, banks, public buildings and the principal offices are guarded by troops day and night. The social life of the city is entirely dead. The beautiful Nicholas Ghorovard overlooking the harbor, which is usually thronged with well-dressed people, is now completely deserted save for a score of Cossacks and a few officers. The principal hotels on the boulevard are virtually closed, the visitors having all departed.

TORPEDO BOAT DID  
NOT FORCE ENTRANCE

Bucharest, Romania, July 3.—The Russian torpedo boat No. 3, accompanying the Kniaz Potemkin, attempted to enter the port of Odessa today. The Romanian cruiser fired on the torpedo boat, but failed to hit her. The torpedo boat then retired.

This incident followed the refusal of the crew of the Kniaz Potemkin to accept the government's offer made through the captain of the port, who positively announced that the mutineers would not be allowed to receive provisions unless they came ashore unarmed and delivered up the battleship and torpedo boat to the captain of the port. If these conditions were fulfilled the mutineers would be given their liberty to go where they pleased. The rebellious steamers conferred together, then refused the government's demands and renewed their demand for provisions. This was again positively refused by the captain of the port, whereupon the Russian torpedo boat attempted to enter the harbor, but on being fired upon by the Elizabeth, and evidently awed by the firm stand taken by the authorities she decided to retire.

COMMITTEE IN CONTROL  
OF THE BATTLESHIP.

St. Petersburg, July 3.—General Kabanoff, who is in military charge of Odessa, has reported to the Emperor that a revolutionary committee of twenty was in control of the Kniaz Potemkin when that battleship and the Georgi Pobiedonosetz sailed. The crew on board the latter, General Kabanoff adds, were won by this committee, and together with a number of Jewish students who came on board and informed the sailors that the army was in entire sympathy with the movements, and advised them to throw the officers overboard.

Against the latter advice the crew demurred and later the officers were sent ashore. A revolutionary committee was then organized on board the Georgi Pobiedonosetz and the two mutinous ships sailed. They returned to the harbor Saturday night, but the Kniaz Potemkin, having no pilot on board, put to sea again and sailed for Roumania, where the Georgi Pobiedonosetz entered the harbor and after a parley with the military authorities the crew expressed a desire to return to their allegiance and take back their officers.

THE AUTHORITIES SAID  
TO BE POWERLESS.

St. Petersburg, July 3.—Joseph Mandelkern, a real estate dealer of New York, who has just arrived in St. Petersburg from Poland, where he visited Warsaw, Lodz, Byelostok and other centres, declares that a state of anarchy exists there which the military and police are admittedly powerless to handle. He brings startling information about the "Band" and other revolutionary organizations in the Caucasus; they have now forbidden the payment of taxes under penalty of death, and are levying tribute for the purpose of resistance to the government.

He says all the members of the organization are armed with revolvers and knives, and are defying the police to interfere with them, under threats of death. On Thursday he saw a procession of 20,000 persons at Warsaw, carrying red flags, with not a policeman in sight. The police had been warned that if they appeared they would be murdered. In Byelostok, Mr. Mandelkern says, the revolutionists are actually wearing a sort of uniform, a blue blouse. The Polish organizations, Mr. Mandelkern says, are not seeking separation, but want a constitution which would give to Poland an autonomous government.

George Rowe and Stephen Redner, two mine workers, were killed in No. 5 Delaware and Hudson colliery, Wilkesbarre, Pa., on Monday. A water car broke loose while being hauled up the slope and ran away, dashing them against the side of the slope and killing them instantly.

Those best knowing the conditions are of the opinion that the gravest danger now lies in a Polish and Jewish rising. The Jews here number about 175,000 to 200,000. The fact that they are credited with bomb throwing during the recent disturbances, coupled with the fact that the police found large collections of bombs in the houses of two prominent and wealthy Jews, has served to inflame minds against them.

The conditions in the country surrounding Odessa are very disquieting. The peasants are committing disorders, stealing and burning. Several telegrams were received here Saturday from different points of the government of Kherson in which Odessa is situated telling of disorders and the danger to landed proprietors and asking military protection. It will be difficult for the authorities to spare any of the 12,000 troops quartered here for service outside of Odessa.

Outwardly the centre of the city of Odessa is beginning to resume its normal aspect, although comparatively few people are seen in the streets, but in the harbor district all is

Ruin and Devastation.  
Shipping and trade are entirely at a standstill, and thousands of dock laborers are waiting around lifeless masts and rigging under strict martial law. Soldiers everywhere cut off all the sea front portion of the city and use

Clarence Block, Cor. Douglas and Yates Sts.**THE SEAMEN'S INSTITUTE.**Manager Bailey's Proposals Endorsed  
By Members of Ministerial Association on Monday.

The regular meeting of the Ministerial Association was held on Monday, among those present being Rev. D. Macrae, pastor of St. Paul's church, Victoria, West, who acted as chairman, and the Rev. W. Leslie Clay, Rev. E. Leroy Dinkin, Rev. J. P. Vichet and the secretary, Rev. Herman Carson. After the usual routine the appended communication from the manager of the Seamen's Institute was considered:

26th May, 1905.

To the President and Members of the Ministerial Association, Victoria, B. C.:

Dear and Reverend Sirs:—The Victoria Seamen's Institute and Mission to Seamen, which has, until a few months ago, been under the exclusive control and patronage of the Anglican church since the time of its inception some eight or nine years ago, having recently come under my sole management and responsibility, it is my desire that the same should henceforth be conducted on broader principles, feeling that as the institute and mission is for the benefit and free use of seamen of all creeds and nationalities, it is incumbent upon the Christian community of Victoria at large, of whatever section of Christ's church they may belong, to take a share in the carrying on of this philanthropic work for God, and for those "who go down to the sea in ships and do business in great waters," and it is with this idea I respectfully beg thus to address your reverend association, earnestly desiring hereby to solicit the recognition, sympathy and co-operation of every member of the same.

It will be seen that in thus addressing you I am not, reverend sir, asking of you as a corporate body any pecuniary aid for the carrying on of the work in question, but what I do desire to ask is that you, as the pastors and heads of the various Christian congregations in Victoria, will be pleased to make known to your respective congregations the needs of the Victoria Seamen's Institute and Mission, as I feel sure that, like other seaports of any importance, there must be in Victoria many families who have member thereof following a wandering life, and for whose sake there at home would be only too glad of the opportunity to help others who, like those absent ones so dear to them, are called upon by their profession to suffer greater privations than most other men, and who seldom know what it is to enjoy the pleasures of home.

There are, I need hardly say, several philanthropic organizations already in Victoria composed entirely of lady members of the various Christian congregations, under the names of the King's Daughters, the Daughters of Miss, the Daughters of Rebecca, etc., etc., whose object is to help the poor and needy, and to aid the various charitable and benevolent institutions with which the city of Victoria is blessed. Yet there is room, I think, for another organization similar to those I have mentioned above, and might, I think, be formed by the wives, daughters and sisters of seafaring men from among the various congregations.

TORONTO.**BY-LAWS STOOD  
OVER FOR A WEEK**SEVERAL BEFORE CITY  
COUNCIL INCOMPLETEBusiness Transacted at Weekly Meeting—  
Consideration of Tenders For  
Rock Bay Bridge Postponed.

Several unexpected hitches came up in the consideration of a number of the city by-laws before the meeting of the council last evening. In connection with the Tax By-law, 1905, Ald. Fell raised the point of certain discriminating powers, which he doubted if the council had. The by-law for the redistribution of the city into wards, introduced by Ald. Hanna, is not yet ready, and Ald. Hill discovered that he was without certain information regarding the electric light loan by-law, which necessitated his deferring of this by-law's consideration until another meeting.

The B. C. Electric Railway Company, Limited, notified the council that complaint had been made about the Esquimalt service, but promised that as soon as the switch on Work street was lengthened better results would follow. It is proposed to run the switch from Work street to Government street. Referred to the streets, bridges and sewers committee.

W. Armstrong wanted to know why the sidewalk on Lover's Lane was not extended to Fairfield road. His Worship said to the best of his recollection the reason was that the appropriation had run out.

Referred to streets, bridges and sewers committee.

R. S. Day acknowledged his appointment to the board of hospital directors. Philip Fewster, convenor for the promoters for the erection of flour and oatmeal mills and elevators, gave notice of a meeting of the promoters to be held in the board of trade rooms on July 5th at 8 p.m., for the purpose of appointing directors. Received and filed.

The city assessor enclosed a plan of the re-division of the city as assessed values as follows: South Ward, \$36,880.80, 1,782 acres; Central Ward, \$3,534,255, 1,408 acres; North Ward, \$3,453,085, 1,422 acres.

Referred to streets, bridges and sewers committee.

The building inspector reported, condemning some buildings on Yates street. This report took the usual course. The owner will be asked to attend the next meeting of the streets, bridges and sewers committee to show why the buildings should not be torn down. The city building inspector also reported having examined the petition for a by-law for the raising of \$11,000 for enlarging the city electric plant, and found that it contained 42 names, representing property to the value of \$2,067,000, which was in excess of the amount required. Received and filed.

The sanitary inspector reported as follows:

To His Worship the Mayor and Board of Aldermen:—I have the honor to report in regard to certain matters referred to me by your honorable body as follows:

In reference to the communication of Beaumont Borge, complaining of the unsanitary condition of the shore of Victoria Arm, where a box drain from Jesse street emptied in front of his residence, I have made an inspection of the locality and find that although there is cause for complaint, as there is to all drains which empty into the Arm, this particular drain is not so objectionable as to cause alarm, and could be easily remedied by extending the outlet to below extreme low water mark at a distance approximated at about 25 feet. By so doing the nuisance complained of would be obviated, so far as those living in the immediate locality would be concerned. But the advisability of allowing drains to flow into the Arm or harbor is a matter which should not be encouraged.

Re the condition of the stable adjoining S. M. Lee's property, 58 Colinton street, I have inspected the same and found it in a sanitary condition. The barn is an old building, but in such condition as to be considered as unsanitary.

Your obedient servant, J. WILSON.

Referred to the streets, bridges and sewers committee.

Harold R. Robertson called attention to a bad drain on Rockland avenue which ran into St. Charles street. Referred to streets, bridges and sewers committee.

C. C. Pemberton wrote asking for the privilege of removing a condemned building on Broad street, to a point outside of fire limits.

Ald. Fell said he was puzzled to know what personal interest Mr. Pemberton had in the building. Furthermore, the letter did not state where the building was going to be moved to. He, for one, would oppose the request until he knew where the building would be moved.

It was decided to ask Mr. Pemberton to where the building was to be moved, who its owner is, and the value of the same.

Tenders for the building of the Rock Bay bridge were about to be opened when Ald. Elford asked that consideration be deferred until Wednesday, and that further time be allowed for supplying tenders to be submitted, as there had been a drop in the prices of lumber, and this was not generally known.

Ald. Fell supported the proposal. Two contractors had seen him before the meeting and had informed him that they had not known of the cut in lumber quotations when they submitted their tenders.

Ald. Stewart suggested that the time be extended until Monday next. This suggestion was approved and new tenders will be called for.

Tenders for the printing of the voters' list and by-laws were next opened, as follows: The Victoria Printing &amp; Publishing Company, \$1.40 per page; T. R. Cusack, 50 copies at 80 cents per page, and the Colonist \$51.92 for 50 copies. Referred to the purchasing agent.

Rosa Bay were next opened as follows: John Haggerty, 80 cents per cubic yard; Geo. Burt and R. Davenport, 77 cents per cubic yard; Julius West, 77 cents per cubic yard; J. D. Painter, \$1.25, and the Victoria Transfer Co., 80 cents per cubic yard.

On motion of Ald. Fell it was decided to divide the contract between the lowest two tenderers.

Mayor Barnard read a letter from Headmaster Pfordner offering to give six concerts at the park for \$96 each, the number of instruments to be used in each being 21.

The finance committee recommended the payment of accounts totalling \$4,622.68. Adopted.

Ald. Fell called attention to the fact that now was an opportune time for cutting thistles. He also reported that a pole had been put in at the northeast corner of Cook and Fort street, and that the hole had not been filled up. He also noted that the city's buildings on Yates be improved in appearance.

A by-law introduced by Ald. Hall to provide for the necessary money for enlarging the electric plant was next brought up.

Ald. Hall called attention to this connection to the consideration that the raising of this \$11,000 will not increase the cost of light to the citizens at the saving in lamps, etc., will amount to the cost of interest and sinking fund.

The by-law, however, was not in shape to be dealt with last evening, and it was stood over.

Ald. Hanna's motion, calling for the redistribution of the city into wards was stood over for a week.

Ald. Goodacre moved for leave to introduce a tax by-law for 1905. This was carried. The by-law is the same as that in 1904, but members of the council being not quite clear on certain questions the by-law was left over, and on motion of Ald. Fell the city barrister will be asked what discrimination the board has under section 138.

The consideration of the by-law for the raising of \$11,000 to enlarge the electric light plant was laid on the table and the sewers loan guarantee by-law was put through its initial stages.

After a few more remarks by Ald. Hanna regarding the attitude of the Times on the water question the council rose.

In London is a man who has been "best man" at 300 weddings. The explanation is that he has been a city missionary for many years and in that time has befriended hundreds of young couples, helping them to enter the married state.

## THAT WATER WORKS REPORT.

If our readers detect evidence of a chastened spirit and humble demeanor in the Times this evening, we sorrowfully refer them to the report of Ald. Hanna's rebuke, administered at the meeting of the council, for an explanation of the same. Our professional conduct was subjected to a characteristically scathing criticism by the intellectual member for the North Ward. We can assure the worthy and well-meaning and zealous aldermen that we have often been pained by the knowledge of our inability, physically and mentally, to adorn the position to which, in the providence of God, we have been called. This consciousness of our limitations has for a considerable time been "a thorn in the flesh." But Ald. Hanna should not be unkind or arrogant because of the manifest advantages with which he has been endowed. In his case the facts were kind. He performs no office, public or private, for the ephemeral people of a decaying world that he does not look as though he had been specially created for by a beneficent creator. Therefore in the strength of his glorious physical and mental manhood he should not hold up to ridicule any of his fellows who by reasons of overwork or natural incapacity fall short of the high Hanna standard.

And yet, while admitting that the rebuke of the member for the North Ward was timely and perhaps justified, we cannot for a moment entertain the implied suggestion that the council shall be permitted, without comment, to deal with the serious problem of Victoria's water supply. If there be unworthy suspicion at that some of the members of the Council Board are determined to keep their eyes tightly shut to the public interests and to carefully guard private interests in this important matter, the blame for the same cannot be conveniently thrust upon the shoulders of any newspaper. Public suspicion was aroused by the discovery late in the year 1904 of a secret agreement with the railway company with reference to the equipment of water power at Goldstream and the resting of monopolistic rights to the same in the British Columbia Electric Railway Company. It was denied by the members of last year's council that there was any agreement whatever. Yet the instrument, which assistance was denied was discovered in the alderman's secret places and published. Explanations and apologies followed, the excuse being that the contract was merely a formal affair, and was of no value or effect lacking the approval of the ratepayers. But the necessity for denial of the existence of the document has never yet been explained with sufficient force to carry conviction of sincerity.

Now we have the report of an engineer making certain suggestions which seem to be in line with the policy outlined in the secret agreement. Furthermore a portion of the report has been suppressed as unfit for the eyes of the municipal innocents whose only corporate function is to pay taxes and acquiesce in the policy of their heaven-born councillors. No reason has been vouchsafed for the mutilation of that report—no reason whatever that will bear the slightest scrutiny. It cannot be kept from the eyes of the people interested financially in the Esquimaux Waterworks and water power. There is no reason to doubt that officials of the British Columbia Electric

Railway Company are fully acquainted with all its contents. Is there any pretence that if the corporation of the city of Victoria decided to acquire all the rights or any portion of any rights that are a matter of dispute respecting Goldstream water, either by legal process or by arbitration, that all the documents in possession of the City Council would not be placed before the tribunal? The position of the Mayor and Aldermen of Victoria is illogical and absurd. Is it any wonder the people are suspicious? Any alderman who desires to free his skirts from suspicion in this matter should demand the publication of the report of Engineer Adams. The public are entitled to a full knowledge of the facts. The problem of the water supply of the city of Victoria can never be settled until the ratepayers are taken into the confidence of the Council. The people are the supreme authority, and they will assert their supremacy in such a manner as will frustrate the designs of the manipulators inside the council and outside of it who are suspected of moving in a mysterious way to encompass some secret end.

## "RENEWAL OF MANHOOD."

An eminent Parisian physician furnishes us with an idea, which with our compliments we pass on to Ald. Hanna in the hope that he will incorporate it in his store of original thought waves. The worthy representative of the North Ward says the editor of the Times is in evident need of a holiday. We admit it. We have an unquenchable desire for holidays, which we regard as irrefragable evidence of our need of them. But none of us—not even Ald. Hanna—can regulate vacations in accordance with mental impulses. Business will not permit. The eminent Parisian physician points out a way in which "manhood may be renewed" without the excuse of a vacation. This scientific gentleman thinks he has discovered a cure for the nervous depression and irritability which are among the commonest afflictions of modern artificial life. The bursting at the council meeting last night of the sack of humor which our esteemed contemporary Ald. Hanna packs around for the entertainment of his friends prompted the thought that even aldermen and other mighty and impeccable councillors may be subject to fits of weariness and irritability as well as editors. Hence, while we have decided to adopt the suggestions of the aforesaid Parisian solon and to enter upon a course of training which we hope will enable us to cope with the emergencies which may arise as a consequence of the further discussion of this irritating to the Victoria city council waterworks question, we are not selfish, and we hasten to share our recipe with Ald. Hanna and all other members of the board who may desire to profit by it. The physician says it has occurred to him that the Japanese jinrikisha man is never tired, never impatient, never restless. Plainly, therefore, it is only necessary to lead the life of a jinrikisha man to be rid of irritability, lassitude, or nervousness. He does not hold that it is absolutely essential that the patient, trying this new cure, should gull his friends around the town all day in an Oriental go-cart, but he asserts dogmatically that any one who will run, and breathe, like the jinrikisha man, will not long be troubled with any of the various forms of nervous prostration. This will not seem much of a discovery to the Anglo-Saxon world, trained in the belief that physical exercise in the open air is one of the best of specifics against the megrims, but may appear new and strange to many Frenchmen.

In further explanation of our intentions, we may say it is our purpose in pursuance of the course of youth renewal to profit by the example of the council and conduct our jinrikisha exercises in secret. But if Ald. Hanna be detected in Oriental costume going through his youth-renewing paces, let the scoffer not suppose that he is wantonly departing from his wonted grave and subdued and stately conduct. They must concede a purpose in his procedure, just as we are willing to admit that there is method in the seeming madness of the city council in refusing to let the people know all about the waterworks report.

J. Mildred-Creed, a member of the Legislative Council of New South Wales, suggests a scheme which it is necessary to be, in part, a solution of the colored labor question, which is so troubling Australia. He would be the last man, he says, to advocate any policy which would be likely to create a future race problem. He holds that the radical principle of the employment of colored laborers must be that they shall only be introduced when their industry will increase the field of employment for whites. This would be the case if in suitable parts of Australia such industries as the production of cotton, coffee, tea, coconuts, rubber, copra, etc., were established. The success of these is impossible in the absence of labor cheaper than can be furnished by white men. He argues that for every hundred colored laborers employed in new industrial enterprises, which without them can never have existence, there would be additional employment for from twenty to thirty white workers. By way of illustration, he mentions the construction of railways in tropical Australia. There are many districts in which mineral fields of the richest character have been left unworked, though their value has long been

## "Seal Brand" Coffee

## BEAUTIFUL CUT GLASS

A few pieces of rich cut glass give a wonderful sparkle and brilliancy to the dinner table, while for wedding presents, nothing is more highly appreciated than this fascinating ware. We have just put in stock a new and beautiful assortment of fruit and salad boats, celery dishes, vases, bon bon dishes, water pitchers and numerous other pieces, all of the richest cut, and the prices are remarkably low. We ask you to inspect the same, as we are confident the quality and prices of our goods will commend them to you.

## C. E. REDFERN,

43 GOVERNMENT STREET.

Established 1892.

Telephone 118.

well-known, because only a railway built on the most economical conditions could permit their successful development. The cost of white labor is prohibitive. A case in point, he says, is the Cloncurry district in northern Queensland, about 250 miles from the port of Normanston and 400 miles from existing railways running to the coast. A very large area there contains almost fabulous mineral wealth exposed on the surface. But though well known for forty years, it has never been effectively worked, because the cost has been too great.

The Montreal Gazette as the senior and sane Conservative organ in Canada has undertaken to act as monitor to the misguided party, and is meeting with the usual reward. Our Eastern contemporary has already denounced the hybrid concern which claims to embody the spirit of Conservatism in British Columbia, while the conduct of the late campaign in London and North Oxford has aroused its ire to such an extent that it has been moved to proclaim its belief that Mr. Borden's leadership has been seriously compromised. No wonder the Conservative leader has retired from the House temporarily in disgust. The name of Hon. J. W. Whitney has been suggested as a successor to Mr. Borden, whose lack of success is considered a sufficient excuse for a movement looking to his deposition. It is not the leader but the material in deputy leaders that is at fault. The Toronto Globe well says that it is difficult for some people to learn the lesson, so often taught in Canada, that those who take up the sword of race and creed strife will perish by the sword they have drawn.

The Times hastens to extend its congratulations to Mr. O. C. Bass on his selection for the responsible and honorable position of secretary and reporter of the Law Society of British Columbia. Mr. Bass as an old newspaper man should be, and we have not the slightest doubt is, especially well qualified to perform the important duties of the office for which he has been selected by the Benchers, Judge Lampman, we are

given to understand, was an exceptionally capable reporter. During his term of office he set a standard of efficiency and capacity that would have been difficult of attainment by any choice of the representatives of the Law Society. But the newly selected official has had a more varied and wider experience in the reportorial profession than his predecessor. There is no question in the mind of any competent authority that he will give the fullest satisfaction nor that his promotion is but the preliminary step to higher honors in the honorable profession of the law. Newspaper men in Canada, East and West, in Australia and in England, will join with us in extending felicitations to Mr. Bass on the success he is achieving in his chosen profession.

## BOOKS FOR THE LIBRARY.

To the Editor:—Of all the public utilities a well-stocked library is certainly one of the most valuable in any city, to the tired mind it is relaxation, to the enquirer a complete education. May I suggest to your readers that it would add to their interest in this valuable institution if they would contribute one or more of their spare books to the shelves of the public library; it would add not only to their gratification as helping to build up their city's store of useful knowledge, but help others in countless numbers in the participation of the pleasures they have received, and assist in the great work of education.

THOS. C. SORBY.

Excursions.—The Northern Pacific Railway Company will sell round trip tickets to the following points: Asbury Park, N. J., \$92.85; Baltimore, Md., \$88.75. On sale June 28th, 29th and 30th, Buffalo, N. Y., \$83.75. On sale July 5th, only. Return limit ninety days. Ticket office, corner Yates and Government streets. Phone 456.

Members of the Cecilia orchestra are reminded of the special practice to be held in the Y. M. C. A. on Wednesday evening. As this will be the final rehearsal for the concert to be held up the Gorge on Thursday evening, it is very important that all should make an effort to attend.

Monkey Brand Soap removes all stains, rust, dirt or tarnish—but won't wash clothes.

The laying of seven miles of cable between Victoria and Port Angeles has been completed by the Western-Union Telegraph Company. The old cable became disabled last winter and gave considerable trouble, but it is expected that with the new line a thoroughly reliable connection across the straits has been established. The steamer Trader was employed in the work.

The committee having in hand the arrangements for the street railwaymen's picnic at Goldstream is hard at work and gradually details are being completed. The outing will be held on July 25th, trains leaving the city at 9:30 a.m. and 2 p.m. Return trains will leave Goldstream at 4 and 9 p.m. The picnic has been secured and an attractive programme of sports drawn up. The B. C. Electric Company has promised to throw open the power house on the day of the picnic, and no doubt many will take advantage of the opportunity to inspect the building and machinery. Tickets are on sale and are going rapidly.

Speak well of your beautiful city, Victoria—Queen of the Coast, Of such beautiful flowers and scenery, There's no other city can boast.

Speak well of the merchants who serve you, Of goods they handle each day, They are willing to please you, just let them, Don't grumble and hasten away.

Tell tourists that here they can purchase All goods of the very best stock. And in talking them over, now listen, Don't fail to mention "White Rock."

You know of its merits, you've used it, Without it, no home is complete, It's for sale by Pither and Leiser, At the old business stand, Yates Street.

Take in a supply of "SLAB WOOD" before the wet weather sets in. To be had at Lemon, Gossamer & Co.'s mill. Telephone 77. Prompt delivery.

The manager of the Home for the Aged and Infirm acknowledges with thanks the following donations for the month of June: Mrs. L. J. Quagliotti, San Francisco newspapers; Mrs. B. W. Pearce, Illustrated London News; Mrs. Van Tassel, rhubarb and magazines; N. Shakespeare, reading matter; S. Reid, clothing; A. H. Ridgman, books and stationery; reading matter; T. Sholtz, newspapers; Mr. Nelson, Salvation Army, War Cries and magazines; Sunbeam Circle of Harmony Hall Mission, fruit and cakes; picnic committee Christ Church Sunday school, cakes; Epworth League, Spring Ridge, cakes and fruit; Times and Colonist, daily papers; Mining Exchange.

Residents of Dallas road are complaining of the poor condition of the plank sidewalks along that thoroughfare, particularly between St. Lawrence street and the Dallas hotel. On Sunday last a mishap occurred as the result of a loose board, a woman and child being thrown heavily to the walk. Fortunately they escaped with but a few bruises. Naturally, however, those having homes in that vicinity object to the sidewalks being in such a state and are anxious that the city council should take some action towards making the necessary repairs as soon as possible.

## TO BE PROCEEDED WITH TO-MORROW

GIBBONS CASE WAS REMANDED FOR A DAY

Mr. Meccredy Did Not Wish to Give Evidence, But is Retained as Necessary Witness

When the case of Charles H. Gibbons, charged with attempting to murder K. Meccredy, was called in the court this morning, Supt. Hussey, of the provincial police, applied for a remand until to-morrow morning. His reason for the application, he said, was that the principal prosecuting witness was absent from the city, but would return to-night. He assured the court that the case would be proceeded with to-morrow morning at 10 o'clock, and would be concluded in a couple of hours.

A clerk from the office of W. J. Taylor, K. C., who has been retained by Mr. Gibbons, applied for a remand for a week in view of Mr. Taylor's presence being required at the Full court session. Magistrate Hall said that in the light of the developments he did not feel justified in granting this application. He would remand the case until to-morrow morning, and if Mr. Taylor then desired a remand he could appear and make application for it.

The developments alluded to by Magistrate Hall consisted of Mr. Meccredy's expressed determination to refrain from giving evidence against Mr. Gibbons in the provincial police court to-day. This determination was voiced by his departure for Vancouver yesterday and a letter he addressed to Supt. Hussey, copies of which he also posted for the local press. Mr. Meccredy, while realizing that various interpretations would be placed upon his action, decided to take it for the sake of Mrs. Gibbons and her two children. In pursuance of this intention he concluded to betake himself beyond the jurisdiction of the courts of British Columbia.

Supt. Hussey, of the provincial police, however, divined that Mr. Meccredy might take such a step, and kept his eyes open. When Meccredy left for the Mainland, a warrant was issued and instructions forwarded to Vancouver to hold him. This was done, and Mr. Meccredy will return to Victoria this afternoon. Following is the copy of the letter addressed to Mr. Hussey, which was forwarded by the writer to the Times:

Vancouver, B. C., July 3rd, 1905.  
Frederick S. Hussey, Esq., Superintendent Provincial Police, Victoria, B. C.

Dear Sir:—I desire to inform you that I shall not appear at the police court to-morrow (Tuesday) to give evidence against C. H. Gibbons, as I shall then be beyond the jurisdiction of the British Columbia courts. I am fully aware that my failing to appear will be interpreted in different ways by different classes of people. My decision has been made for this reason: I have a sincere regard for Mrs. Gibbons and her son and daughter and I do not wish those children to grow up to learn that their father is in prison, and if by not appearing against him, the Attorney-General can allow the charge to drop, Gibbons will then have his last chance to reform by beginning life anew; and if he has any spark of manliness in his nature he will try to atone for his past life, and should his future conduct prove that his protestations of a desire to change his mode of life be genuine, that knowledge will be sweeter to me and my children than any revenge for the injuries he has caused me.

I am, dear Sir,  
Yours faithfully,  
J. K. MECCREDY.

N. P. A. A. O. REGATTA.  
Executive Committee of the J. B. A. A. Busy Making Preparations.

The annual regatta of the North Pacific Association of Amateur Oarsmen, probably the most important fixture each year in northwestern America, will this year be held at Esquimalt under the management of the J. B. A. A. The dates chosen for it are 11th and 12th of August, and not the 4th and 5th as at first intended; the latter dates having been previously selected by the Victoria Lawn Tennis Club for their final matches.

The regatta will take two afternoons as usual in order to give the winners of junior events on the first day a chance to fairly compete in the senior races on Saturday. There will be, in all, over thirty events on the programme. As this regatta always brings a large following from the neighboring cities it is hoped that the J. B. A. A. will receive every assistance from the citizens in their endeavors to make it a big success. A number of the executive committee visited Esquimalt last Sunday to familiarize themselves with the locality. The executive committee will meet at the club house on Wednesday evening and the executive on Thursday. So it will be seen that the organizers are pretty busy.

### BASEBALL

#### REPORT UNCONFIRMED.

A special dispatch to the Times from Everett says:

"From information gleaned here from those well acquainted with the baseball situation it is believed that negotiations are already well advanced in move to transfer the Bellingham and Victoria teams to Butte and Spokane. The latter two cities while quite a distance from the coast—are such enthusiastic patrons of baseball that it is believed the deal will be put through provided the court at Spokane rules favorably to Lucas in the matter of the temporary injunction argued there. Both Bellingham and Victoria, it is claimed, have been tried and found wanting. Baseball men think the clubs can afford to pay additional fares to Butte and Spokane for additional support that will be derived."

This morning a Times representative interviewed Geo. Russell, president of the Victoria club, in regard to the above report. He stated that he knew nothing whatever of the matter. Mr. Lucas had never officially or in any other way made such a suggestion to him. In his opinion, however, it was within the bounds of possibility that an effort might be made to place the franchises of Victoria and Bellingham at the disposal of the two cities previously mentioned under the circumstances. The exceedingly poor support tendered the newly organized Northwestern League by Victoria was enough to discourage Mr. Lucas, president of the organization. He could say, however, that nothing definite would be done respecting the Victoria team without his knowledge. He supposed the proposal had not taken definite form, and until then "enthusiastic local fans need not fear the loss of the line just as it is beginning to be rounded into shape to put up a determined struggle for the championship pennant."

As mentioned in these columns some days ago the first of the league series will be completed about the 11th of the present month, and the race is between the Vancouver and Bellingham teams, with the chances of success about equal. Then the second series will start, and President Russell, Manager, Hutchinson and those directly interested are determined that the local line will have to be seriously reckoned with in this struggle, that is if such a proposal as that outlined is not carried through. The team has been much strengthened, and with one or two more improvements should prove fully equal to coping with any of the opposing lines with chances of success. According to the arrangements the teams winning the first, and that successful in the latter series will play off for the championship at the conclusion of the season.

#### VICTORIA DEFEATED.

A special dispatch to the Times from Everett says: Everett defeated Victoria in an almost featureless game yesterday. The score was a tie until the seventh, when singles by Rowan, Hulen and Cook gave Everett two runs and clinched the game. Cook's error putting Ford on the initial sack gave the visitors their only run.

Victoria scored one run in the third, had six hits and two errors. Everett secured one run in the first and two in the seventh, had eight hits and four errors.

Summary—Earned runs, Everett, 3. Struck out, by Boyle, 3; by Rowan, 3. Bases on balls, off Boyle, 3; off Rowan, 1. Two base hits, Martine, Hilt; pitched ball, Helmsmiller, Sarsfield, Hilt, Boyle, Burns, Rowan, Stolen bases, Earle, Martine, Howett, Helmsmiller. Left on base, six each. Time, 1 hour 30 minutes. Umpire, Huston. Attendance, 800.

#### LOCALS VICTORIOUS.

At Vancouver on Saturday the Victoria and Terminal City Bankers' teams tried conclusions in a friendly match which resulted in victory for the Capital City nine. The home team made only one hit off Winsby, while the Victorians landed on Johnson repeatedly, making five runs in the first, one in the third and two in the fifth inning.

A return match is to be played here on Saturday, July 22nd, at Oak Bay.

#### ANOTHER GAME.

Commencing at 6:15 o'clock to-morrow evening, the Bankers' nine and a team selected from the employees of R. P. Rithet & Co. will play a friendly match at Beacon Hill. After the contest a meeting of the bankers will be held at the Victoria hotel for the purpose of discussing the possibility of arranging games.

#### RESULTED IN DRAW.

The Y. M. C. A. and independent intermediate teams played a league match last evening, resulting in a draw, the score standing 12 all at the finish of the seventh inning. The contest was called on account of darkness. Clarke and Spencer formed the Y. M. C. A. battery, while Terriault

### LACROSSE.

#### THE SEATTLE TEAM.

Commenting on the Seattle team, which meets Vancouver on its own grounds to-day, a Seattle exchange says:

"At a recent meeting of the club the executive committee was instructed to strengthen the local team with new players and to spend liberally in an effort to put the team among the leaders. It is expected that the local line-up for play on the day of the game will be the strongest that has ever represented this city. Several old-time crack players are turning out regularly to assist the local management in its efforts to get together a winning aggregation."

"Among these are Alexander Cowan, who is conceded by experts of the game to be one of the fastest houses that ever played the game. He has played with the best teams in British Columbia, and made two trips East with the Westmaster team when they won the championship in 1900."

"Wm. Horrobin, who hails from Vancouver, is another new man and is already hailed as one of the best men on the team. He would have been playing in the senior team of Vancouver if he had stayed there this summer, and is anxious to show his old teammates how he has improved since he joined the American team."

"Alexander Williamson is another valuable man on the defence. He has played with the Nelson team for the past two years in games against such crack teams as the Shamrocks, the Westmasters, and was considered a tower of strength to Nelson when it won the Kootenay championship two years ago. Williamson has made some of the best plays ever seen on the local field, and in a scrimmage for the ball usually comes out winner."

"V. Green is another Vancouver player of note who preferred to try American soil to better his vocation. Green is a young player who understands the game thoroughly, having had tuition under some of the best coaches in Vancouver. He has taken advantage of the regular practice and is showing up in fine form."

"Mike McCance and Sam Hague, two strong players that have been representing Nanaimo in the British Columbia league, have come to Seattle with a view of locating, and are both good men who turn out regularly with the home team. They both play on the home field and are fast on their feet."

#### MATCH ON FRIDAY.

A game has been arranged between the players of the B. C. Electric Railway Company and Spencer's Arcade to take place on Friday evening at Oak Bay. A close contest is expected. The respective teams follow:

Tramway—Goal, Walker; point, Lorimer; defence field, Reynolds, Hattersby and Redgrave; centre, Clegg; home field, Mulcahy, Higgins and Davidson; outside home, Peeler, Inside, Krieger.

Spencer's—Goal, Lory; point, Tite; cover point, Ash; defence field, Richmond, Lawrence and Smith; centre, McCray; home field, Mathes, Stanley and Crawford; outside home, Cullin; Inside, Watson.

#### CRICKET.

##### AN EASY WIN.

Yesterday at the Jubilee grounds a match was played between the Victoria and Tacoma teams, resulting in a victory for the former by a margin of 133 runs. The toss went in favor of the Victorians, and they took the bat. A score of 183 was run up before the side retired. Tacoma contributed 50, playing in a fine steady style. Both Cobbett and Ashby put up a fast game. When Tacoma went in 50 were secured, of which Lawrence contributed 21. Gooch and Cobbett bowled for the locals throughout.

The score follows:

Victoria C. C.	
Q. D. H. Warden, c Lawrence, b Cameron	13
A. McLean, b Cameron	10
H. V. H. Cobbett, c McPherson, b L. Pattullo	29
L. S. Y. York, b Cameron	30

#### THE O.A.P.

##### PREPARING FOR REGATTA.

Last evening an important meeting of the regatta committee of the James Bay Athletic Association was held, when arrangements for the club regatta, to be held on Saturday, the 22nd inst., were discussed. After discussion crews were selected as follows:

5 o'clock—T. Watson, stroke; Jenkinson, B. McQuade and H. H. Brown.  
5.30—G. Y. Simpson, S. Bayle, R. H. March and J. T. Simpson.  
6.00—A. D. Belyea, S. McKittrick, G. D. Wales and E. A. Haseoka.  
6.00—W. L. Smith, H. W. Lang, C. Robinson and G. Jamison.  
6.30—F. C. Clark, G. W. Brown, W. H.

Sweeney and Wolfenden.  
Practice will commence at once, and the crews are requested to be ready promptly at the time set for their spin, as the lap streaks are required immediately after their return for other purposes. After the consideration of other matters of more or less interest the meeting adjourned.

#### THE RING.

##### HART THE CHAMPION.

A championship contest took place between Marvin Hart, of Louisville, and Jack Root, of Chicago, last evening, at Reno, Nev., resulting in a victory for the former in the twelfth round. James J. Jeffries acted as referee, and before the fight commenced introduced Battling Nelson who agreed to meet Hart at any time convenient to the latter boxer. There was an attendance of about 4,000. Shortly before the opponents entered the ring, Jeffries waited upon them and announced his determination to retire permanently so that the victor would be fairly entitled to the title of heavyweight champion of the world.

An account of the bout by rounds follows:  
Round 1—They rushed into a clinch. Hart landed right to head, Root countering on the jaw. They ran into a clinch. Root countering on the jaw. Root started jabbing Hart, who landed straight to head. Root sent right to body. Root sent left to jaw and then body. Root jabbed on jaw and then clinched. Root landed on Hart's jaw. Root sent a left to jaw and left to body. Root uppercut. They clinched. Hart landed right and right on jaw. Root landed right on jaw. This round was about even.

Round 2—Root landed left hard to jaw and repeated it and rushed into a clinch. Root landed right to body. Hart and Root exchanged lefts and clinched. Root shot left hard to jaw. Root crossed right to head. Root went to Hart's body and they clinched. Root missed hard swing and kept poking left to Hart's body. Root missed vicious swing. Hart landed left hard to body. Root's round.

Round 3—They rushed to clinch. Root landed left hard to jaw and Hart returned to body hard with right. They clinched. Hart fought desperately. Root put left to jaw. Hart landed hard on stomach. Root landed hard right to jaw. They clinched. Root sent left to body. They exchanged lefts to jaw. Honors even.

Round 4—Both men appeared to be comparatively fresh. They exchanged lefts to jaw. Hart landed hard right to kidneys. Root put hard left to jaw. Root landed hard right swing to jaw. Root landed left and right jabs to Hart's jaw. They clinched and in the breakaway Root put left to jaw. Desperate fighting. Root put right to jaw. Hart put hard to body; clinched. Root put left swing to opponent's head. Root put left to jaw. Round about even.

Round 5—Root put left to mouth. They exchanged lefts to body and clinched. Hart landed right swing. Hart put right to jaw; clinch. Root put left to head and left to jaw. Hart hit body hard with right and they clinched, boxing in the clinches. Hart landed right and left swings to head, and Root uppercut to body. Root landed left to body. Root missed vicious right swing to jaw. Root put right to jaw and left hard to body. This was Root's round.

Round 6—Root landed right to body and they clinched. Root landed right to jaw; clinch. Hart put hard right and left to body. Root went to body with both hands. This round equal.

Round 7—Root put left to body and they clinched. Root put left to jaw. Hart put hard right and left to jaw. Hart pounded kidneys, fighting hard. Root sent right to stomach. Hart landed vicious right swing to side of head; clinched. Root put left to jaw and ducked vicious swing for head. Root put hard right to heart and received stiff jab on jaw. Hart landed right swing to body. Root knocked Hart down with a terrific right just as the gong sounded. A claim of foul was made for Hart, but Jeffries disclaimed foul and ordered the men to continue. The gong saved Hart.

Round 8—Hart came up and boxed into a clinch. Root doing very clever foot work. Both men fought with their bodies. Hart landed right to body. Root landed left to body. Root landed right to body; clinched. Root landed hard right to jaw and Root put left to nose. Hart landed right jab to stomach. Root landed left hook to jaw. Hart pounded kidneys. Root put left jab hard to stomach; clinched. Hart put hard right to stomach, following it with a blow to the jaw and a right swing to kidney.

Jeffries had difficulty in separating the men. Root put left swing to kidneys. Root ducked right swing and put left to jaw. Hart made a sport in this round and had a slight lead.

Round 10—Clinched. Hart put left jab to jaw, right to body. Both missed right swings and clinched. Root put right hard to jaw; clinched. Root landed stiff right uppercut to jaw and ducked a right. Root landed stiff right uppercut to head and ducked. Root put straight left to body. Hart landed right hard to Root's neck, rocking him. They fought into a clinch. They exchanged rights to body. They boxed in and out of clinches. Root put left to jaw as the bell sounded. Honors about even.

Round 11—Root jabbed to jaw and they clinched. Hart put left to jaw and missed right to head. They exchanged punches and clinched. Root swung to body and landed hard left to jaw. Root landed right and left to head and left to stomach. Root pounded stomach with both right and left. Hart landed hard right swing to kidneys. Root drove left to stomach and received left to body.

Round 12—The men fought into a clinch. Jeffries separating them; separated again. Hart boxed in and at close range ripped his right up under and a little to the left of Root's heart. Root went to the floor and was counted out.

#### DEAD SICK OF ASTHMA?

You couldn't be otherwise with such a distressing malady. Well, for one dollar spent on "Catarrhoxone" you can be thoroughly cured. Foolish to delay, because asthma steadily grows worse. Get Catarrhoxone to-day and cure yourself. It's pleasant to use, very simple, and guaranteed. Prescribed by thousands of doctors and used by the people of nine nations—Certainly Catarrhoxone must be good; it hasn't failed yet, no matter how chronic the case.

An institute for the treatment of sufferers from chest complaints, neuralgia, catarrh and other maladies by means of opium smoking, has been opened by London physicians.

**Do You Suffer With HEADACHES?**

Won't you be guided by the experience of others—take what they took—and cure yourself as they cured themselves? Fruit-a-tives cure the cause of the headache. They remove the blood poisons which cause it, entirely relieve constipation and tone up the nerves. This letter is the proof that puts an end to doubt—

"I have tried Fruit-a-tives and found them splendid for headaches. I feel so much better since I commenced taking them. I think they are a splendid medicine, and am recommending them to all my friends." Mrs. J. W. DULONG, Thamesville, Ont.

## VICTORIA CUSTOMS HOUSE RETURNS

With the end of June, the fiscal year of 1904 passed into history. This always marks an important event in the customs department. Commercially the year has been a notable one, chiefly for its heavy exports. The selling out and shipment of the stores in the Esquimalt naval yard have paced the months of January, February and March among the heaviest on record. Great quantities of supplies were forwarded to England, and there was also a great deal sold locally, much of which found its way across the boundary line. Domestically the shipment of furs of land and sea, and lumber and of fish, constituted the bulk

of that represented in money valuation under this heading. The revenues of the past year are probably not as high as those of a year ago, a notable feature being the fact that during the whole 12 months not a single Chinaman paid a head tax for entering the country. Of course many Chinese have come and have gone, but the arrivals are those who have previously been in the Dominion, and are therefore immune from paying the \$500 demanded from new immigrants. A main source of revenue is liquor. Victoria imports extensively in this line, and the duties are very heavy. A statement of the statistics showing the business of the past year is as follows:

	Duty.	Chinese.	Other.	Total.
July	\$2,088.41	\$47.00	\$179.75	\$2,315.16
August	70,106.25	23.00	54.85	70,184.10
September	73,211.26	44.00	238.77	73,494.03
October	50,322.27	257.00	24.15	50,603.42
November	57,350.41	90.00	89.65	57,530.06
December	12,419.64	70.00	446.25	12,935.89
January	57,531.66	18.00	572.45	58,122.11
February	49,489.68	16.00	77.10	49,582.78
March	64,983.48	38.00	148.24	65,170.72
April	54,548.78	40.00	13.50	54,602.28
May	63,989.75	22.00	105.15	64,116.90
June	60,943.78	9.00	210.35	61,163.13
Grand total	\$724,985.12	\$992.00	\$2,154.19	\$727,931.31

	Domestic.	Foreign.	Imports.	Dutiable.	Free.
July	\$21,461.31	\$2,088.41	1904.	\$225,143	\$17,396
August	41,428	8,005	August	194,428	64,852
September	77,157	7,471	September	218,515	45,147
October	192,736	30,286	October	190,210	31,088
November	213,350	21,908	November	222,460	31,422
December	85,778	17,110	December	184,044	13,904
January	30,949	196,969	1905.	158,410	56,196

May	54,051	7,316	April	217,616	75,580
June	40,551	24,933	May	210,957	54,101
Total	\$856,424	\$1,208,370	June	\$2,380,672	\$501,348

### OUTING FOR JULY.

The Outing Magazine, from cover to cover, is full of the holiday spirit and cool breaths from inland waters and the outer sea, so that the pages of those whom Duty keeps to her desk are in some degree mitigated, while those whom Fortune favors realize and appreciate their surroundings the more.

Red Fox, by Charles G. D. Roberts, is continued from June, and the second installment is even more fascinating than the first. Ralph D. Paine, while he was in London last year, spent a Bank Holiday on Hampstead Heath with the masses from the slums. He was not only a good observer, as his article proves, but an excellent photographer, and shows the typical east-sider in festive mood.

The Making of a County Home is a subject that each day is becoming of more general interest, as the dwellers of large cities learn to appreciate the open country. In a new department, E. P. Powell, an authority on the subject, tells what sort of a place to buy, how to lay out the grounds, what domestic animals to raise and what farm produce to grow—all with an eye to economy and profit; and he intends to continue his valuable advice in following numbers of Outing.

Hunting with the Karens, by Caspar Whitney, comes home to the explorer, the traveler, or the hunter of big game who has followed on broken spurs, day after day, through tangled jungle, while fishing for a Cat will appeal to devotees of the great kindred art of rod and line. They're at the Post, recounting how the horses are started off at the races, by James H. Tuckerman, shows how the man whose duty this is turns gray and old long before his time, under the terrible nervous strain. The photographs alone of Cheeked by a Snake on Mount Blanc impress one with the frightful risks that the mountain climber encounters on what he terms a "pleasure." A woman's account of camping with her husband in the woods is seeing the question from a somewhat uncommon viewpoint, and should prove important to all who have a longing to do likewise; while Belmont Parly also interests the fair sex with a discussion of the merits of the cross-saddle as opposed to the side-saddle.

The Editor's View-point contains a lot of straight-from-the-shoulder talk on the ill effects caused by Commercialism in College Sport, and Ralph D. Paine's School and College World is full of the same clean, vigorous spirit. Francis

Metcalf and Oliver Herford lead one under the wings of the circus tent, as usual.

The practical articles by men who are authorities in their different lines teach one how to knot and splice ropes, make furniture for camps and cabins, take care of fruit trees, catch striped bass, improve dog standards, and hold a camera. The reader certainly finds what he is looking for, to his entire satisfaction, no matter what form his interest takes, in July Outing.

### MANY INDICTMENTS.

Against Men Prominent in Beef Packing Industry.

Chicago, July 3.—A federal grand jury to-day returned indictments against 17 men prominent in the beef packing industry for violation of the Sherman anti-trust law, and against four officials of Schwarzschild & Sulzberger for alleged illegal rebating agreements with railroads.

The four employees of Schwarzschild & Sulzberger who were indicted for alleged rebating with the railroads are connected with the traffic department of the corporation. The indictments contained each eight counts, which were spread over 63 typewritten pages. The first and second counts of the indictments pertained to beef sold in domestic trade. The ninth and tenth counts relate to foreign trade. The third count charges a conspiracy in restraint of trade and commerce among the states and with foreign nations in dried, smoked, cured, canned and pickled meats and in by-products of the packing industry, and also in butter, eggs and poultry. The sixth count charges conspiracy on an attempt to monopolize trade and commerce in sausage casings, etc., in the United States and foreign countries. The seventh count sets forth particulars concerning the organization of the packing company, and charges that the object and the effect of that organization were to destroy competition not only in the packing industry but also in the National Packing Company, and this is described as a conspiracy in restraint of trade and commerce. The eighth count makes out the organization of the National Packing Company to be

an attempt to monopolize trade and commerce.

The indictment against the four employees of Schwarzschild & Sulzberger charges that they conspired with others to commit an offence against the United States by soliciting and accepting for Schwarzschild & Sulzberger rebates from the Michigan Central.

### JULY CANADIAN MAGAZINE.

The opening article in the July Canadian Magazine is a bright, readable article entitled "The Home and Haunts of Joseph Howe," the great Nova Scotian orator. This is illustrated with some excellent photographs of ancient and modern scenes in and about Halifax. Nova Scotia is also represented by a second contribution, a "Donald" story by W. Albert Hickman, who has certainly found a splendid mine in the delightful character who is so typical of the Scotch-Canadian of the Maritime provinces. Mr. Beatty's illustrations are exceptionally fine and do credit to Canadian art. So does the drawing by Fergus Kyle, which illustrates a story by Norman Duncan. The sketch of Lady Plunket, the late Lord Dufferin's Canadian-born daughter, who is now wife of the governor of New Zealand, will interest many people. The Hon. Mr. Gouin, the new premier of Quebec, is the celebrity of the month, and Mr. Mosher contributes a readable character sketch of him. Mr. C. W. Young's fishing-story is reasonable; so is the frontispiece, a rare photograph of two baby moose born in the Yukon woods last year.

### Reduction of Interest.

Saturday, July 1st, is a day long to be remembered by those who have borrowed money from the British Columbia Permanent Loan & Savings Company for the purpose of securing homes. On the day above mentioned, a reduction of interest was allowed to all borrowers whose payments are up to date, regardless of when the mortgage was made or how long it still has to run.

The officers of the company have received letters from all over Canada congratulating them on the fact that, through careful and economical management, they have been enabled to reduce the charge on loans without in any way affecting the contracts made with shareholders. Every borrower in Victoria has secured the reduction.

### ORGAN RECITAL.

Programme Which Will Be Provided in St. John's Church Wednesday Evening.

An organ recital will be given in St. John's church to-morrow under the direction of G. Jennings Burnett. No admission will be charged, but a collection will be taken up to defray expenses. Mr. Burnett has arranged for most attractive programme, which will be as follows:

Organ—Introduction and Bridal Chorus (Johann Sebastian Bach) Wagner  
Vocal—Consider the Lilies (Topf) Miss W. Lugin.  
Organ—Allegretto and Lento (Lemare)  
Trio—I Will Sing of Mercy (Vincent Novello)  
Miss Todd, Miss Nellie Todd, Mrs. Jay.  
Organ—Andante in G (The Pilgrim's Song of Hope)  
Organ—Festal March in E Flat (by request)  
May  
April  
June

**VERDICT OF GUILTY**

AGAINST J. H. MITCHELL

Recommended to Mercy of the Court—

Counsel Made Application For a New Trial.

(Special to the Times.)

Portland, July 4.—Save for a deathly

and nervous shaking of his head, United States Senator John H. Mitchell gave little outward sign of emotion

when the jury at 11 o'clock last night returned the verdict pronouncing him

guilty of receiving pecuniary compensation for practicing before the department at Washington, D. C., while he was a member of the senate. The verdict came as a surprise to many.

Judge Bennett, counsel for Mitchell, immediately moved for a new trial, and the hearing of arguments was set for next Monday.

The case had gone to the jury almost exactly at 3 o'clock yesterday afternoon. At the close of Prosecutor Hunt's final speech, Judge De Haven delivered his charge, which appeared to be satisfactory to both sides.

When the verdict was announced that the jury was ready the jury directly afterward appeared.

In the din of the crash and rattle of fireworks on all sides of the building, the jury clerk read the verdict handed in by the foreman. In the great noise only the words "guilty as charged" and "recommended to the mercy of the court" reached the ears of the spectators. The jury was polled and discharged.

**SOME GINGER TEA**

is considered a good thing to break up a chill, but something much more certain as a teaspoonful of Nervine taken in hot water. Nervine sends glowing warmth tingling all through the body, makes you feel good at once. Nothing so good for colds, coughs, chest pains and chills. Get a 25c. bottle of Polson's Nervine to-day.

**"DERMYLL" FOR SUNBURN**

This preparation for skin irritation is rapidly winning its way in popular favor. It is not sticky or greasy. Sold in bottles at 25 and 50 cents. Ask for sample.

**Hinton Electric Co.****REPORTED BREAK IN**

THE RANKS IS DENIED

No Split in Lumber Association, and Their Has Been No Reduction in Quotations.

A number of aldermen at last night's meeting of the city council announced that the lumber combine in this city had been broken, and that quotations had been cut to such an extent that they considered that if an extended time was allowed a material advantage might accrue to the corporation. Ald. Fell reported that two tenders on this understanding had come to him and told him of the split, remarking that if they had known in time they could have marked down their tenders very considerably. On the strength of this information the council decided to call for supplementary tenders, and to extend the time in which they shall be received until Monday next.

To verify this news a Times representative called on Ernest Temple, secretary of the local branch of the British Columbia Lumber & Shingle Manufacturers' Association, and was informed by that gentleman that there has been a split as alleged. Of course the headquarters of the association is in Vancouver, but if anything of so important a character had happened the local organization would be sure to have been notified. But there has been no indication of a break in the ranks according to Mr. Temple, nor has there been any reduction in current prices. These are what might be called medium, and have been bringing from eight to eight and a half a thousand. A few years ago, said Mr. Temple, logs were down very low, and a great many thinking that there were immense profits in the industry entered the business only to remain for a short time.

The association includes all the principal milling firms in the province, the members being as follows: Robertson & Hackett, Vancouver; Hastings Shingle Manufacturing Co., Ltd., Vancouver; Rat Portage Lumber Co., Ltd., Vancouver; E. H. Hoops & Co., Cedar Cove; B. C. Mills Timber & Trading Co., Hastings Saw Mill Branch, Vancouver; Royal City Planing Mills Branch, Vancouver; Royal City Planing Mills Branch, New Westminster; Pacific Coast Lumber Co., Ltd., Vancouver; North Pacific Lumber Co., Ltd., Barken; Canadian Pacific Lumber Co., Ltd., Port Moody; Brannette Saw Mill Co., Ltd., Sapperton; Harrison River Mills T. & T. Co., Ltd., Harrison River; Grant & Kerr, Ladner; J. A. Sayward, Victoria; Cascade Lumber Co., Ltd., Vancouver; W. J. Beane, Vancouver; Cooke & Tait, Vancouver; Vancouver Sash & Door Co., Ltd., Vancouver; Galtbrink & Sons, New Westminster; Thomas Kirkpatrick, Cedar Cove; B. C. Box & Lumber Co., Vancouver; Victoria Lumber & Manufacturing Co., Ltd., Chemainus; Robert McNair, Vancouver; The Fraser River Lumber Co., New Westminster; Chilwack Shingle Manufacturing Co., Chilliwack; Joseph Chew, Vancouver; B. C. Manufacturing Co., New Westminster; Peckman & Chisholm, Cedar Cove; Planting-Lee Lumber Co., Vancouver; A. C. Hatch, Vancouver; Jas. Leigh & Sons, Victoria; Ladysmith Lumber Co., Ladysmith; Lemon, Goussard & Co., Victoria; Muirhead & Mann, Victoria; David McNair, Vancouver; Red Cedar Lumber Co., Vancouver; A. Haslam, Nanaimo; Shawanigan Lake Lumber Co., Victoria; Taylor Mill Co., Victoria; D. & J. Hadden, Cloverdale; Cloverdale Milling Co., Cloverdale; Surrey Shingle Manufacturing Co., Cloverdale; Urquhart Mills, Vancouver.

The following are the results of the recent law examinations: Knox Watson, of Vancouver, passed his final for call and admission to the bar; V. B. Harrison, E. A. Deke, and C. L. Ford passed the first intermediate examination.

Oscar Bass was elected secretary of the Law Society to succeed Judge Lamshan, at a meeting of the Law Society benchers last evening.

**PROMINENT SCRIBES**

DUE HERE ON FRIDAY

Washington Press Correspondents Will Visit Victoria—Very Influential Party Should Be Well Entertained.

On Friday Victoria will be visited by a party whose power for doing the city great good can hardly be estimated. This is the contingent of Washington press correspondents who are now touring Canada. They are under the guidance of the Western Canadian Immigration Association. To-day they are due at Calgary and to-morrow will reach Banff. On Friday morning they will arrive at Vancouver, and in the afternoon will reach Victoria on the Princess Victoria.

They include some of the most eminent newspaper men on the continent, and it is to be hoped that arrangements will be made to fittingly receive and entertain them here. Victoria has a reputation to maintain in this regard, and no better advertisement can be given this city than to favorably impress upon these publications command millions of constituents. The members of the party are: Harry M. Crist, Brooklyn Eagle; Thos. F. Dawson, Associated Press; Arthur J. Dodge, Milwaukee Sentinel; St. Paul Pioneer Press; Arthur W. Dunn, Associated Press; Richard Lee, Evans, New York Tribune; H. Gilson, Gardner, Newspaper Enterprise Association; H. Hall, Pittsburgh Times; James P. Hornaday, Indianapolis News; W. W. Jernane, Minneapolis Journal; Seattle Times; N. O. Messenger, Washington Star; Robt. Lincoln O'Brien, Boston Transcript; J. S. Shriver, Cincinnati Times-Star; Bal-York Globe, Des Moines Register and Leader; Edgar C. Snyder, Omaha Bee, Denver Post, Toronto World; Jackson Finkner, New York Press; C. Arthur Williams, Houston Post; Richard Lloyd Jones, Colliers Weekly, and Cy. Warman, representing Canada and several United States publications.

Accompanying them are the following named representatives of the Western Immigration Association: F. B. Lynch, of St. Paul, chairman of the executive committee; J. H. Haslam, a member of the executive, and Theo. M. Knappen, secretary.

Owing to the great demand for passage to Port Angeles today, the C. P. R. Company has arranged for the sailing of two steamers this evening at 7 o'clock. These vessels will be the Princess May and the Whatcom. The latter vessel will be specially requisitioned for the service. The 4th Regiment band will accompany the excursion, and with fireworks it is anticipated that there will be no big crowds on the steamer as it travelled on the Princess. My during the early part of the day. Excursionists will be allowed some time at Port Angeles, and on their return the Whatcom will sail for Seattle.

**Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera, Morbus, Dysentery, and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use. When reduced with water and sweetened it is pleasant to take. You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 25 cents.

78 WHARF STREET.

Today's excursions to Port Angeles on the steamer Princess May are proving successful beyond all expectations.

The carrying capacity of the ship is limited to 350 passengers. Long before the ship sailed on her first trip this number of tickets had been sold, and people were left standing on the wharf who would not be received aboard. A similar condition of affairs prevailed when the steamer left early this afternoon. Those who were late in applying for transportation were refused, and there was general regret that the steamer was not licensed to carry more excursionists.

This is the first year that the C. P. R. Company ever placed a vessel in the Port Angeles excursion business, and that there has been such a demand on tickets is due in no small measure to the general knowledge of the fact that she is a much steadier craft than many heretofore in the service.

The steamer left here on her first trip across the Straits at 9 o'clock. On this voyage she carried the Fifth Regiment band, which played inspiring music as she moved out of port. A start was made on the second trip between 1 and 2 o'clock, and according to schedule she will depart on the third run at 4 o'clock.

CROWDS GOING NORTH. That the Port Angeles exposition has had the effect of attracting many tourists to the coast is evidenced by the recent action of the Pacific Coast Steamship Company which, finding their steamer the Spokane unable to accommodate all intending to make the trip to Alaska, have chartered the steamer City of Seattle to co-operate in the service. The accommodation on the Spokane for the next two trips has been all sold out, and the City of Seattle has been booked to make an extra run, sailing north on August 4th. The rate for this ship has been reduced from \$100 to \$75, and it is expected that this concession will have the result of filling the steamer. The Seattle will make the same rounds as the Spokane. The latter is now due from the north, being scheduled to sail on the 6th inst.

**MARINE NOTES.**

R. M. S. Empress of India left Yokohama for Victoria on the 30th of June with 100 tons of general cargo for this city, 280 steerage and 125 saloon passengers.

R. M. S. Empress of China was late leaving for the Orient early this morning, having been delayed at the Terminal City.

The ship Kinross was launched last evening from the B. C. Marine railway, where she has been cleaned and painted. Some minor repairs were also made on the ship.

D. G. S. Quadra has been absent from port several days on lighthouse duty on the northern coast.

Work on the new Graeme Point lighthouse on Malcolm Island is steadily advancing. The new light will be located in good for the next stormy season.

Michael Callaghan came to the Victoria police court this morning charged with passing a bogus cheque and obtaining therefor the sum of \$9.75 from John Foster, of the Half-Way house. Callaghan was arrested yesterday. His case was not proceeded with this morning owing to Mr. Foster being absent from the city.

It is formally announced in another column of this issue that the time for receiving tenders for the construction of the new Home for Aged and Infirm at the Rock Bay bridge has been extended to Monday, the 10th inst., at 4 p. m. Tenders submitted with tenders already sent in will be held until that time, and will not necessarily have to be renewed should new tenders be submitted by the same contractors.

**MANY VICTORIANS**

ARE GOING INTO CAMP

Canvas Villages Being Established at Brighton and Cordova Bays and Shawnigan Lake

With the warm weather and the annual public school holidays a large number of Victorians have left their city residences to enjoy the freedom of camp life for a few weeks. There are so many convenient resorts in the immediate vicinity that it has become the custom of many citizens to spend the hottest summer months under canvas at some spot selected by them, because of a particular charm. Already the seashore at Brighton (Foul) Bay, Oak Bay, Cadboro Bay and Cordova Bay are becoming dotted with white tents and small shapes. The same is the case all along the coast, and in the neighborhood of Esquimalt, while the Gorge has not lost any of its popularity. Shawnigan Lake and other points up the line are as attractive as ever, and with the suburban with special rate service announced by the E. & N., many local business men will make their summer headquarters at one of these beautiful resorts. Although Victoria proudly boasts of many attractive spots for camp life, the experience of past years has shown that local residents have not as yet found special honors, and they may be divided into the seaside and inland resorts. The former are Brighton or Foul Bay and Cordova Bay. Both of these are favored with a magnificent stretch of sandy beach, which becomes warm with the heat of the sun when the tide is out, and thus takes the chill off the water as it flows back, making it ideal bathing for those fond of the salt water. There also are splendid sites for tents, and a very important consideration, a number of natural springs of water flow from the bank. Already a number of campers have located at Cordova Bay, but it is expected that shortly every available location will have been utilized. Brighton Bay is not as extensive a beach as that at Cordova, but it has the advantage of being nearer the city, and several tents have been pitched there.

Of the inland resorts Shawnigan Lake is undoubtedly the best patronized. The two hotels, Strathcona and Koenigs, have done a thriving business during the past few weeks. This place, through the energetic advertising of the tourist association, and because of its own charms, has a widespread reputation. Very few tourists spend more than a day in Victoria without visiting Shawnigan Lake, and their comments after having viewed that beautiful expanse of water are always expressive of the highest admiration. With the suburban service inaugurated by Geo. L. Courtney in operation, there should be a large passenger traffic between Shawnigan and Victoria during the summer months.

There is a Cowichan Lake, the other resort referred to, which always attracts its quota of visitors during the warm weather. Not so much is heard of Cowichan because of its comparative distance from the city. But it is no less popular among those in the habit of spending their holidays there.

**ANOTHER MOBILIZATION.**

Steam Naval Attack on Esquimalt Harbor Repulsed by Work Point Garrison.

A mobilization of the Work Point garrison took place yesterday from 3 o'clock to the afternoon to 11 in the evening. Orders having been issued by the commanding officer, Lieut.-Colonel English, the troops lined up at the former hour and went through different drills, being dismissed just before dinner was announced. Shortly after that meal the "fall in" again sounded and, headed by the regimental band, the corps marched into the forts in the neighborhood of Esquimalt, where gun drill took place until dark, when a sham naval attack on the harbor, for which arrangements had been made, commenced.

Two or three fast launches had been secured to represent a flotilla of torpedo boats, and those in charge were given instructions to make their own plans in an attempt to carry the mouth of the harbor. They did so, approaching as cautiously as possible, but in spite of their excessive care the searchlights revealed them before they had succeeded in reaching their destination. Two or three times the test was repeated, but the launches were discovered and fired upon, blank ammunition being used, before coming close enough to make a successful dash into the harbor.

Immediately after this practice the garrison was withdrawn from the forts and marched back to the barracks, where the commanding officer ordered a general dismissal.

No information has been received by Lieut.-Colonel English respecting the future movements of the corps now in charge of
